

BioCamp

September 28 - 30, 2026

Bled, Slovenia

Ready to challenge yourself and explore a future in pharmaceutical industry?

We're inviting the **next generation of STEM talents** to apply for **BioCamp**, a well established Novartis program designed for curious, driven students who want more than just theory.

BioCamp connects **ambitious students** with **leading Novartis experts** and offers a unique look inside an innovative, real world pharmaceutical environment.

Why join BioCamp?

- Work on a **real-life challenge** from the pharmaceutical industry
- Collaborate closely with **experienced Novartis professionals**
- Gain **hands-on, interdisciplinary experience** beyond your studies
- Connect with **motivated, high potential peers** from the region
- Discover **career opportunities in Novartis Austria, Slovenia and beyond**

Take the next step!

If you're a student in STEM and eager to learn, grow, and challenge yourself — **BioCamp is for you.**

Applications are open until **May 20, 2026.**
