About the project:

EATRIS-TRI.si is a part of the network of research infrastructure centres at the University of Ljubljana (MRIC UL). The mission of MRIC UL is to provide specialized technical and infrastructural support to the members of the University of Ljubljana, in order to encourage their research and other academic activities. The research infrastructure of MRIC UL is also available to other research organizations in Slovenia and around the world. MRIC UL activities are co-financed by the Slovenian Research Agency (ARRS) within the ARRS infrastructure programs (IO 0510). The list of infrastructure centres operating at individual members of the University of Ljubljana within the framework of MRIC UL 2015-2021 is available on the [website](#).
